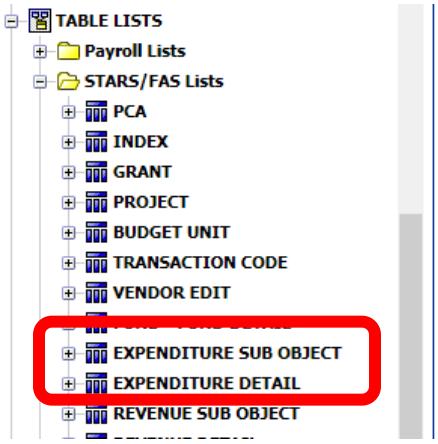
STARS USER MANUAL

EXPENDITURE SUBOBJECT DETAIL CODES

When looking for an appropriate expenditure subobject, be sure to refer to IBIS Query Studio in the STARS/FAS Table list query or to the STARS D11 Descriptor Table for any additional Expenditure Subobject Detail codes specific to your agency.

IBIS QUERY STUDIO



D11 – EXPENDITURE DETAIL

The D11 table identifies the code and title for each Expenditure Detail as defined by your agency within an expenditure subobject. The table contains your agency number, the related expenditure subobject, and your agency detail. Be sure that the detail is relevant to the expenditure subobject, since it will roll into that subobject for reporting.

```
